The auditor's role and work

We conducted an independent audit of the financial report in order to express an opinion on it to the members of the Association. No opinion is expressed as to whether the accounting policies used are appropriate to meet the needs of the members. We disclaim any assumption of responsibility for any reliance on this audit report, or on the financial report to which it relates to any person other than the members, or for any purpose other than for that which they were prepared.

Our role was to conduct the audit in accordance with International Standards on Auditing. The audit did not involve an analysis of the prudence of business decisions made by the Committee.

In conducting the audit, we carried out a number of procedures to assess whether in all material respects the financial report presents fairly a view which is consistent with our understanding of the Association's financial position and its financial performance in accordance with the accounting policies described in Note 1. These accounting policies do not require the application of all International Financial Reporting Standards.

The procedures included:

- selecting and examining evidence, on a test basis, to support amounts and disclosures in the financial report. This included testing, as required by auditing standards, certain internal controls, transactions and individual items. We did not examine every item of available evidence,
- obtaining written confirmation regarding material representations made to us in connection with the audit,
- reviewing the overall presentation of information in the financial report.

Our opinion was formed on the basis of these procedures.
